Count von Bernstorff, formerly German ambassador to the U. S., has issued a statement outlining his opinion of Germany's attitude at the peace conference. Americans who remember the count's record in this country—and most of them do—will think twice before attaching any great weight to any of the Bernstorff statements. As an example of perfidy unashamed the count can readily qualify.

How well the American Red Cross represents the feeling of the people is shown by the enrollment of nearly 17,000,000 members during the Christmas roll call. There are many other divisions still to hear from and officials believe that the total membership will go to 20,000,000. The money that these members contribute runs to large figures but their interest and enthusiasm counts for more. It is the same kind of spirit that makes American arms so nearly invincible.

Friends of Speaker Clark say that there is a possibility that the speaker will again be a candidate for the presidency in 1920. The fact is the speaker told his friends he would be a candidate "if the signs were right." If the Missouri congressman is as astute a statesman as some of his admirers believe, he will examine his own record on war measures before venturing to come before the American public as a candidate for presidential nomination.

While the people soon forget, it is still too early to expect that they have forgotten the speaker's violent opposition to the selective draft law, a measure without which the war would not have been won.

While it is too early to say just what should be done, certainly there is sound sense in the argument that Morgan county should organize to secure an early share in the hard roads work. Other cities are organizing, engineers from the state highway department are now doing reconnaissance work in order to locate the most feasible places to work the coming year and everything indicates that there will be many miles of hard road construction before 1919 has passed by. Unless the people do show some activity and interest, it is very certain that other counties will have hard road work done earlier even if eventually this county gets its share.

CREEL QUILTS AS NEWS CENSOR.

George Creel, who has just resigned his position as director of publicity, has possibly been more criticised than any of President Wilson's appointees. It must be said for the president that he is true to his friends and Creel as one of them has kept in the family notwithstanding the continued fire of criticism both from congress and private citizens. Creel certainly made some bad breaks in his public utterances and so incurred the displeasure of newspapers in a marked degree. The news of his resignation will be received with very general approval. Whether he has disagreed with the president or his task as outlined has simply ended makes very little difference now.

LEAVES GREAT RECORD.

Many Jacksonville people have read with regret of the death of Dr. J. Wilbur Chapman in New York City. It was said many years ago by the late D. L. Moody in a reference to Dr. Chapman, then a minister young in the work: "In this man is wrapped up the hope of American evangelism."

TIME TO ORGANIZE FOR HARD ROADS

Jacksonville People Should Take Some Action to Insure Morgan County Getting Early Share in State Funds.

Business men in Quincy, Springfield, Decatur, and Danville have already organized to urge the building of a hard road across the state this year and residents of this city should get busy along the same line of endeavor. While nobody seems to know the exact plan to be followed, it is said that work on the building of roads will begin in various parts of the state simultaneously.

A large sum of money is already available for the work and it will not be necessary to wait until the bonds have been actually issued and sold before the work can begin. It is to the interest of the people of this county to do something soon in the line of effecting an organization so that they may join in the effort to make certain that Morgan county shares in some of the hard work just as early as any county in the state.

C. N. Priest has something of this kind in his mind and is urging people here to take some definite steps for early hard road building. In his open letter on the subject Mr. Priest said:

Do you remember that not long ago we held an election and at that election we voted on the proposition to issue bonds to the amount of \$60,000,000 for the purpose of building good roads and that the proposition carried. The money thus derived for the purpose was to come out of the taxes paid into the state for automobile licenses and that work on the roads was not to begin until the war was over. Now! The war is over and the time is ripe to get busy on the movement. I MEAN IT. Are we going to wait until Chicago, Rock Island and all the big cities get started and all the best road builders have contracted so far ahead of us that we will have to take just anything at all, or be left out altogether? Then again, we have to look for material with which to build, and first decide on the kind of material to be used. It will be no trouble at all for everybody to help us for Danville, Decatur, Springfield and Quincy are ready and boasting for a hard road between Danville and Quincy. Let everybody think about it, and let's have "get-together meetings" and get the road started now while we can get material, labor and the best road builders to build and push the thing to an early completion.

Rippling Rhymes By Walt Mason

The Exile.

On an island cold and bleak Kronprinz Wilhelm Friedrich stands, wan and pallid is his cheek, and he sighs and wrings his hands; and a hot and briny tear drops into his stein of beer, for no chorus girls are near, and no clanging German bands. See the idol of the Huns, in a dismal fisher's shack, stripped of all his swords and guns, and with gooseflesh on his back; and the fishers grin and mock as he takes his daily walk, and his dreams are of the block, of the gallows tree and rack. For he knows 'he nations look on his presence as a threat; they would bring the prinze to book, and they will, already yet; and he sees himself a wreck, with a rope around his neck, while the vultures at him peck— and he sweats a clammy sweat. Full of fear must be the dreams of this prinze, whose day is o'er, when the midnight tempest screams at the window and the door; when the sky is black o'erhead and he hears the steady tread of the legions of his dread, on the island's misty shore. People clamor for his blood, for the grisly gallows tree, for the dull and awesome thud of the headman's snickernee; every fierce avenger seems loaded down with drastic schemes; but I'd leave him to his dreams and the visions he must see.

LIEUT. HARDESTY IS NOW IN FRANCE

Jacksonville Physician is Serving on Examining Board—Tells of Vast U. S. Stores.

Lieut. T. O. Hardesty is now a member of a medical examining board located at a camp between Paris and Bordeaux according to a letter received by Mrs. Hardesty recently. Lieut. Hardesty wrote that the board of which he is a member is examining men who start on their return to the U. S. and others who are leaving for service in Germany. The medical men are exceedingly busy. The writer mentioned the vast quantities of stores that the U. S. has in France and said that one must see to really appreciate how vast these quantities of supplies. Now supplies are being moved to other points and Lieut. Hardesty wrote of watching one convoy of trucks which was seven miles in length. The mail service from the U. S. to the army forces is still very poor and Lieut. Hardesty has received no mail from Jacksonville since some time in October, altho he writes home almost every day. In a letter dated December 1 the lieutenant made brief mention of the receipt from the surgeon general of a letter expressing appreciation for his services in caring for a large number of sick men on board ship under very trying circumstances. It will be remembered that Lieut. Hardesty was practically the only member of a group of medical officers on board the ship who was not ill with influenza.

PRaises MR. HEIMLICH
The International Plymouth Rock Journal, a publication well known among poultry fanciers, this week carries a picture of D. T. Heimlich of this city on the front page. The following notice from the Journal makes reference to the picture:

"Every poultry fancier has heard of Judge D. T. Heimlich, of Jacksonville, Ill., whose likeness appears upon our front cover this month. Not only is Mr. Heimlich one of the foremost judges but he is also a breeder of Barred and White Rocks of quality. Anyone who desires stock or eggs will do well to write the gentleman, as well as any show association desiring a competent official."

ROADS ROUGH ON THE RURAL ROUTES

Herman Ellis, one of the Jacksonville rural carriers, said yesterday that the country roads are bad and that he was able to make his route and get back to the office by 4:30 in the afternoon. Christmas day the roads were worse and took an hour longer to make the route, which is about 26 miles in length. This is the average distance of rural routes in this county. Since carriers are not required to cover routes unless they are reasonably passable, it behooves the people of the country districts to keep the roads in as good condition as possible. Certainly rural carriers and their patrons will be among the most thankful people when the Illinois program of hard roads has been carried out.

DR. J. WILBURS CHAPMAN DIES.

New York, Dec. 26.—Rev. Dr. J. Wilbur Chapman, noted as an evangelist, died here yesterday. He was operated upon a few days ago.

Since May, 1917, he had been moderator of the general assembly of the Presbyterian church in the United States.

Dr. Chapman's operator performed on Monday was his third within two years for gall stones. He showed slight improvement on Monday, but yesterday there was a turn for the worse.

Dr. Chapman was born in Richmond, Ind., on June 17, 1859, and was educated at Lake Forest university and the Lane Theological seminary.

Elliott State Bank

SOUND FINANCIAL ESTABLISHMENT

A Credit to the Community and an Honor to the State is the Ayers National Bank.

When away back in the fifties the men who placed the modest sign over their door, "M. P. Ayers & Co., Exchange for Sale," they little realized the extent and size of the business to which that humble beginning would grow. Today one of the solid and well-known institutions of the state is the Ayers National bank with branches or correspondents in various places and doing a business running into the millions. The elderly residents of the city and county many times look with wonder at the statements of this bank. This remarkable growth has not been attained by any sensational methods. The bank has gone quietly progressive granting credit when deserved and withholding it when doubtful security was offered so that the visit of the bank examiners was no occasion or any anxiety.

The splendid building is a landmark visible for many miles in all directions and a thing of beauty and credit to the community. If one reads the list of directors he will at once see that the bank is in careful hands and such as will inspire the greatest confidence.

In the building are special accommodations for ladies and at all times committees and gatherings not too large find cordial hospitality in the beautiful basement where many such meetings are held.

The president, M. F. Dunlap, stands in the front rank of the financiers of the state and with him are associated men on whom he can at all times rely to carry out his ideas and purposes. The directorate embraces the names of some of the county's best financiers so that the Ayers National Bank easily ranks as a safe, sound institution where all accommodations in accord with good business are offered.

1,500,000 SOLDIERS OF FRANCE KILLED

25 per cent of the French army has been killed in battle, another 25 per cent have been seriously wounded. This terrible sacrifice of half its magnificent army has been freely made by heroic France that liberty might live. The world, and especially America, owes France an enormous debt of gratitude, not only for this, but for the discovery by French peasants of a perfect remedy for stomach, liver and intestinal disorders which is reported to have saved many thousands of lives the world over, prevented innumerable surgical operations and alleviated incalculable suffering. Geo. H. Mayr, a leading Chicago Chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Coover & Shreve East Side Drug Store, and druggists everywhere.—Adv.

Fagged Out Women Vinol is What You Need

If all the tired, overworked, run-down women in this community could realize how our delicious Vinol, which contains Beef and Cod Liver Peptones, Iron and Manganese Peptones and Glycerophosphates supplies the vital elements necessary to enrich the blood and create strength, we wouldn't be able to supply the demand.

Dukedom, Tenn.
"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger in every way."—Mrs. H. H. Goodwin.

Burdett, N. Y.
"I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me, and a cousin asked me to try Vinol. It built me up—I now have a good appetite and am well and strong."—Mrs. Loyal Palmer.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

MUCH COMMENT ON WILSON'S SPEECH

PARIS, Dec. 26.—President Wilson's speech is attracting much comment, as indicating his view of the peace congress. His reference to the American chart of peace being accepted by all the nations concerned is understood to refer to his four points.

The president's statement that he had not found among the great leaders with whom he was co-operating any difference of principle or fundamental purpose is construed as showing the favorable results of the conferences during the past ten days.

It is pointed out in conference circles however, that the hard work ahead is not on principles, but in defining their concrete form and determining the details of their application in the peace treaty.

The Bolsheviks succeeded in freeing prisoners held in the Omsk prison but a detachment of government soldiers quickly arrested twelve men who had participated in the outbreak. They promptly were tried and executed the official report saying: "This incident was closed before dawn."

Telegraph lines were cut but units from the Omsk garrison restored order before further damage was done.

DECIDES AGAINST RUSSIAN INTERVENTION
Paris, Dec. 26.—The recent announcement by Stephen Pichon, French foreign minister that the entente had decided against extensive military intervention in Russia at present has had a disconcerting effect upon former Premier Lvoft and Kowosoff and other prominent Russians who are now in conference in Paris.

The Russian leaders continue their conference at the Russian embassy in the hope that they will get a formal hearing when the peace congress actually opens. The French press rather generally voices the opinion that France would be unable to undertake an extensive military movement into Russia even if such were advisable.

WELL KNOWN WOMAN DIES AT CRETE, NEB.

Notice of the death of Mrs. W. A. Smith, known to a number of people here, appeared recently in the Crete, (Neb.) News. The deceased was the wife of Wilfred K. Smith, a nephew of Mrs. Emile Moore of this city. The deceased with her husband, who is a son of J. Knox and Ella King Smith, formerly lived at Jacksonville.

Mrs. W. K. Smith who had been ill for a week with the influenza died Sunday, Dec. 8, 1918. The funeral services were held at 2 P. M. on Wednesday, Dec. 11, at the Congregational church and interment was made at Riverside.

Eleanor Gibson Murphy was born August 10, 1880 at Mendota, Ill. and spent her early life there and at LaSalle, in the same state where her parents moved during her infancy. In 1892 she came with the family to Crete and has made this her home continuously since. For six years she attended the public schools of this city after which she entered the Academy of Doane College and was a student there until 1901, when she entered the University of Nebraska. After completing a course in domestic science at the institution, she lived at home until her marriage to Wilfred K. Smith on Nov. 19, 1912.

She was prominent in the social life of the community, being a member of the Daughters of the American Revolution, the Eastern Star Lodge and the Fortnightly and Bachelor Girls Clubs. She was active in promoting the higher life of the city, having been for twelve years a member of the Public Library Board and at the time of her death, its vice president and a member of the book committee.

In March, 1917, she was appointed by the state organization of the D. A. R. to organize a bazaar for the American Red Cross. While the matter was taking form the United States entered the war and it was deemed best to form a community organization. This was done and Mrs. Smith reluctantly accepted the presidency. French dressings were made for some time and then work for the American Red Cross was taken up. A very large number of dressings were made and other work was carried forward on a large scale. The responsibilities were heavy and the duties exacting but Mrs. Smith bore them cheerfully, tho it is likely they overtaxed her strength. Among her last acts was to help in the inspection of the Christmas boxes, which service gave her much pleasure. She looked forward to other fields of service for the Red Cross, after war needs had ceased, and during her last illness talked of the possibility of continuing the spirit of co-operation which had been so admirably shown by the women of the community.

Mrs. Smith became a member of the Congregational church in 1894 and continued to be actively identified with it. She was, for two years, vice-president of the Woman's Association and later served as president for a like period, refusing re-election in 1918 because of the demands of the Red Cross work.

Mrs. Smith was domestic in her tastes and had found much pleasure in planning with her husband the new home which they purchased early in the fall.

Her death is a distinct loss to the community and to a large circle of friends in other places.

Miss Henrietta Metzger, daughter of Sheriff Henry Metzger, of Springfield, was a visitor in the city Thursday.

CHRISTMAS AT OLD PEOPLE'S HOME

Christmas at the Old People's Home was greatly enjoyed by all the residents there. On Christmas eve there was a program of music, including numbers on the piano and violin, together with solos and choruses. Then came an old-fashioned spelling match, conducted by Mrs. Nannie Rawlings, which all in the company enjoyed. Afterward there was the distribution of presents, fruit and candy for each one, the board of management thus following their annual custom. Christmas morning all were anxiously awaiting the arrival of the postman and it certainly was a pleasure to visitors to note the joy of the old people as they received letters, postcards and packages. These things kept them busily occupied until dinner was ready. The good ladies of the Franklin Christian church furnished nine fine dressed chickens for the dinner and everything else on the excellent bill of fare was prepared with equal generosity. The old people sent a vote of thanks to their Franklin friends. The dinner completed the special Christmas program of the day, which was certainly one the old people will ever remember with pleasure.

In this connection it is worth mentioning that Thanksgiving Day is always a delightful one at the home, for Mrs. George Huffaker of New Berlin has for thirteen years furnished a turkey dinner on that day. The menu always includes, besides turkey, ice cream and cake and a lot of other good things. Mrs. W. J. Fell, matron of the Home, said yesterday: "The Christmas festivities were certainly greatly enjoyed. We feel that the Home has been greatly blessed in many ways the past year. There are so many kind friends and there

has been no serious illness here, which is surprising when we remember how much there has been all about us. Certainly God has been good to us here."

Mrs. Ella Smith of Roadhouse is a guest at the home of her sister, Mrs. William Newman, on East State street.

HAS SERIOUS OPERATION

Mrs. Emma Brown of South Church street underwent an operation for gall stones Thursday morning. The operation was quite successful and Mrs. Brown was resting well last night. Her son, Frank Brown, and two brothers, James L. McDonald and Alvie McDonald, were with her at the time of the operation.

and it was such as only abundant means and great skill could produce and it was fully enjoyed by all present.

A unique feature of the occasion was the cloth eight by ten feet covering the elegant dining table. It was loaned by one of the guests and probably could not be duplicated in the state or even the country. It was made in Samoa of long strips of bark from a certain tree. The strips were then laid on a flat log and pounded out and joined into one common piece with flat sticks laboriously used by women. The article is then stained with vegetable dyes and is a unique and remarkable piece of furniture. The curious figures on it and its wonderful texture were the wonder and admiration of all the guests.

After dinner which was greatly enjoyed and praised by the guests, some hours were spent in foreign travel with the aid of picture albums and descriptions by an eye-witness and a large and distant part of the earth was explored.

WILL REPORT ON CITY OFFICIALS CONVENTION

White Hall Mayor Will Report on Movement Launched by Municipal Organization for Repeal of the White Hall Boy German Prisoner Now in England—Canadian Officer Visiting in White Hall—Other News Notes.

White Hall, Dec. 25.—E. C. Boehn is preparing for submission to the city council at the regular January session a report of the meeting of city officials held at Peoria last week, when a movement was launched to bring about the repeal of the Illinois public utilities act. The act has become very unpopular with city officials who have come face to face with its operation as it deprives cities of home rule and is in the interest of the utility corporations, or at least experience proves that the large utility corporations have been enabled to gain a strong foothold through the application of the utilities act. There was a representative attendance at the Peoria meeting to demand the repeal of the law, including from this section of the state the cities of Springfield, Quincy, Jacksonville, Roodhouse and Greenfield, and strong pressure will be brought on the legislature at the forthcoming session to knock out what is now termed as the obnoxious Illinois utilities act.

Released from German Prison

Advices from the war department to Mrs. Mary Grimes states that her son, Manley Grimes, reported as German prisoner last month, has arrived at Hull, England, in good health.

Health Conditions Normal

Health conditions at White Hall remain about the same. There continue to be scattered cases of influenza, but there has been no cessation of school or public gatherings since the lifting of the ban on the 25th of November, the ban having been in force one month. There are only three days of vacation granted schools during the holidays, including Wednesday, Thursday and Friday of this week. The health authorities seem more concerned about the appearance of whooping cough. There were three cases of diphtheria in town during the fore part of the month, all of whom recovered completely, and the disease was eliminated in short order.

Canadian Officer Here

Lieut. L. E. Brownell, of the 27th Canadians, a resident of Winnipeg, Ontario, is the guest of Neal Wilkinson, and on Monday evening he related his war experiences to an audience in the Methodist church. Lieut. Brownell went into great detail in showing trench life and the method of advancing, and described barrage fire in a raid for German prisoners. He explained that the capture of small bodies of prisoners was for the purpose of identifying the forces in front and to gain any other information possible, the same being true with the Germans. His most terrible experiences were encountered prior to the arrival of the Americans, to whom he paid a tribute for personal knowledge of their fighting qualities gained from contact with a large number of Americans with the Canadians.

The little son of Mr. and Mrs. Harry Littleton, Hal Vernon, aged a little more than three years, died Saturday evening following an attack of pneumonia. A daughter, aged about seven years, is in a critical condition with pneumonia.

Former Residents are Visitors
Arthur Neutzman and family have arrived here from Iowa, and will remain until Mr. Neutzman finds his new place in the social structure following his service in the national army at Camp Dodge, Iowa during which time his family was with his mother at Mt. Pleasant, Iowa. Until entering the service Mr. Neutzman was a resident of Isabelle, South Dakota, and served a term as county superintendent of schools of Dewey county, that state. He went to South Dakota some ten years ago, and has acquired a quarter section of land. For the present he will assist his brother, Agent W. P. Neutzman, in the local C. & A. office.

News Notes

Mr. and Mrs. Henry H. Norris have three sons in the military service, all volunteers. Roy writes from near Havre, France, that he expects to be back here. He is a private in the 162nd Illinois. Dr. Russell is first lieutenant in the dental corps, located at Camp Gordon, Georgia. He will not be able to return to his practice at St. Louis for three months at least. Clarence is with the dental corps at Jefferson Barracks, and following his discharge will spend one more year in Washington University. The first named son has a claim in Montana, to which he is anxious to go as soon as he is discharged.

Mr. and Mrs. J. L. Vermillion left Monday for Houston, Texas, to spend the winter with their son Fred and family, formerly of Springfield.

C. B. Stahl is recovering from a very severe attack of pneumonia and will soon be able to look after the affairs of the White Hall Sewer Pipe and Stoneware Co., in which he is the guiding spirit since the death of F. H. W. Krenning at St. Louis. There is considerable speculation as to who will be made president at the forthcoming annual meeting.

The question of the government ownership of railroads was discussed by the high school Tuesday afternoon. The participants made extended preparations with the result that wide interest developed on part of the school patrons.

A sub-district meeting of the Methodist church was held here last week with a number of visiting pastors taking part, including Rev. W. H. McGhee of Murrayville. On Thursday night Rev. Henry, of Greenfield, delivered a masterful illustrated lecture on the demands upon the benevo-

lence and mission branches of the church growing out of the war.

No Demand for Stoneware

A reflection of a degree of business uncertainty is noted in the demand for stoneware products of the extensive White Hall clay works. It is probably the first time in the history of the stoneware business at White Hall, which covers more than a generation, there is almost an absence of future orders, those on hand calling for March delivery, something unprecedented, as orders for the spring trade have never heretofore been later than February. Manufacturers attribute this condition to business uncertainty, a disposition to anticipate a drop in the prices of articles generally on the part of a large element of the retailers, to whom the products of the White Hall factories are sold directly. Instead of so much to large wholesalers. This causes something of a lull in the season, when there is usually as much activity in any one season of the year in preparation of the spring trade for the canning of fruits and household necessities. The condition, however, does not seem to cause undue concern among the stoneware manufacturers, as they view the future with no misgivings for a few years to come at least, and there will come the usual demand for the products of their factories, even though they are not coming in the shape of futures.

A higher grade of products than stoneware was being developed in the neighboring city of Roodhouse by the Illinois China company, who are producing a good grade of chinaware, but inability to finance the enterprise adequately by Roodhouse capital is assigned as a reason for the decision on the part of the management to decide to move the plant to Lincoln, Ill., where it will be enlarged.

Weather for the Week

The first snow of the season appeared Tuesday morning, and winter set in with evident purpose of making up for lost time. A summary of temperature readings for the past week with comparative figures for the same dates ten years back will afford the weather cranks an opportunity to figure the status of the present winter during the first week of its existence. Ten years furnish the average by which the normal temperature and precipitation figures are based, hence the value of the figures here presented as prepared by R. B. Pearce, co-operative observer at White Hall, showing the highest and lowest reading for each date.

A CHILD GETS CROSS SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue is Coated Clean Little Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup company."—Adv.

HENRY ORTLIP ARRIVES HOME FROM NAVY

Local Man Receives Discharge From Navy after Eighteen Months Service—Was Second Enlistment—Made Trip on the George Washington with President Wilson and Party.

Henry Ortlip who has been in the navy for the past eighteen months arrived home Thursday afternoon. Mr. Ortlip, who served four years in the navy previous to his second enlistment, did not waste any time in returning home. His last trip across was made on the George Washington with President Wilson and party. Mr. Ortlip saw the president several times and on the first occasion shook hands with him. He said the president was a democratic sort of man and the sailors all admired him for his interest in them.

Mr. Ortlip made the return trip on the George Washington, bringing a load of soldiers, among them 900 wounded. He said that some of the cases were bad ones, about 100 men being carried from the ship on stretchers.

The ship docked in New York Monday and Mr. Ortlip as soon as he could get his discharge papers fixed up started for home arriving Thursday afternoon. He is not settled as to his future plans but expects to remain in Jacksonville for the present.

OBITUARY

James Almus Word passed away at his home near Prentice after a few days illness of pneumonia, following influenza.

James Almus, son of Steven and Mary L. Word, was born in Barry county, Kentucky, May 27, 1886, and departed this life at his home two miles west of Prentice, Ill., December 21, 1918, being at the time of his death 32 years, 6 months and 24 days of age. In the year of 1904 he came with his parents to Illinois and has since made his home in and near the Yatesville community. In 1908 he was married to Miss Della Shortridge. To this union were born three children: Ora May, aged 6 years, one son Roscoe, aged three years. One son, Meldon died March 28, 1914, at the age of four years.

Besides his grief-stricken wife and children, he leaves his parents, Mr. and Mrs. S. J. Word of Yatesville and one sister, Mary Ann, wife of Samuel McCauley of Chatham, Ill.; also a large number of other relatives and many friends.

A loving young husband and father has been taken, and the cheerful little home is sad and lonely. Kind neighbors and friends gave all attention possible, and the devotion of a loving wife and mother were bestowed upon him. He was grateful to all for kindness and in conscious moments even after speech was denied him, he would look lovingly at his devoted mother with more than mortal light on his face and feebly point to the picture of his little son, who preceded him in death. We can not know what he wished to say for God alone can read the heart.

Brief but impressive funeral services were held at the Yatesville cemetery Monday afternoon, conducted by Rev. C. E. French, pastor of the Christian church of Virginia. Appropriate songs were sung and he was laid to rest by the side of his little son. The many beautiful flowers, each a token of love, proved he was dear to the heart of many. The pall bearers were Peter and John Zimmerman, Wm. Bumgardner, K. Green, Chas. Edwards and John Kavanaugh.

In Memory of Almus. Once more a loved one has been taken. From this world of toil and care: Jesus says "There's none forsaken And there is no sorrow there." Almus loved his home and family, And the Savior loved him too. So He took him to His mansion, "In the land beyond the Blue." Little Meldon there was waiting To welcome papa home. So together they are resting In that calm eternal home. Humanity looks on the surface, God alone can view the heart. So when he takes us to His mansion, We will know why we have to part. Let us say to the ones that love him: He has only gone before, Look ever forward to the meeting On that bright and happy shore. L. C. B.

ENSIGN HENEGHAN VISITING BROTHER

Has Been in Service Since 1917—Won Ensign Commission by Hard Work—Was Practicing Law When He Enlisted—Is Guest of P. A. Heneghan.

Ensign George E. Heneghan, United States Navy, stationed at the Great Lakes Naval Training Station, was in the city Thursday greeting friends and continuing his altogether brief visit with Phil Heneghan, a brother. Ensign Heneghan and Phil are just returned from a Christmas visit to their parents in Jerseyville.

George E. Heneghan enlisted in the navy in May 1917, where by strict attention to duty and hard study, he won his commission as Ensign in September, 1918. He expects to be continued in service for six months to a year. For the past several months his rank has been that of Assistant Regimental Adjutant, and his duty the training of crews in the "One Hundred and Fifty Footers."

Ensign Heneghan is much attached to navy life and believes that he would continue in it but for the fact that prior to his enlistment he had become thoroughly established in the legal profession in St. Louis. He is justified in his belief that further promotions await him in the navy based on the progress he has already made, his superior education, and the fact that he enters heart and soul into whatever is undertaken with the determination which brings success.

The Ensign has two brothers in the service, both enlisted men. One is in the cavalry regiment now stationed on the Mexican border, and the other in the navy at Annapolis.

Ensign Heneghan is a nephew of the late James Heneghan, well known Jacksonville resident of former days.

CHRISTMAS AT SCHOOL FOR DEAF

Program of Great Interest Arranged for Pupils—Everyone Remembered.

The Christmas celebration at the School for the Deaf was one that all thoroughly enjoyed. In fact it was a celebration which began at 7:30 in the morning and continued thru the day. After breakfast the children found a great Christmas tree splendidly decorated awaiting them and gifts for all were piled about it. The interest in the occasion was increased by a Christmas story told by Mrs. Snyder and the managing officer, H. T. White, gave some of the special reasons why Christmas this year should be an occasion of thankfulness. Mr. White's remarks were interpreted to the children by Miss Molohon.

Next on the program came Santa Claus himself, with a box of candy and nuts for each child in addition to gifts sent by parents and friends. Beside, each little girl was given a doll. The latter was possible thru the thoughtfulness of Dr. E. L. Hill of Jacksonville state Hospital. These dolls were among those made by hospital patients under the supervision of Miss Hoppe. The girls greatly appreciated these additions to their Christmas gifts and officers and employees of the school and various visitors commented in a favorable way upon the work done at the hospital and its accruing benefits.

As there were nine children in the hospital Santa Claus' work was not done until he had taken time stockings from the fire place mantel and carried them over to the hospital patients.

At night a party was given in the dining room especially for the older boys and girls and it was a thoroughly enjoyable occasion. As a great many of the children will not go home for Christmas vacation, officers and employees are endeavoring to provide entertainment in various ways. As one feature each child some time during the week will attend a moving picture show. The department of public welfare at the request of Mr. White, granted a special allowance for Christmas festivities and a gift from Mr. R. J. Tillman was added to this same fund. There is no question but the children at the school are going to enjoy the Christmas festivities of 1918.

AGED WOMAN IS FROZEN TO DEATH

Mrs. Jane Cooper Died From Exposure Near Litterberry—Had Started to Walk to Home of Daughter, Mrs. Charles Beckum.

The community in the vicinity of Litterberry was dreadfully shocked Wednesday morning by the sad death of the venerable Mrs. Jane Cooper who was found frozen near the home of her daughter, Mrs. Florence Beckum two miles northeast of the town. Mrs. Cooper is the widow of William Cooper who died 38 years ago and since that time has made her home with her different children where she has always been welcome.

Tuesday afternoon she took the train on the C. P. & St. L. for Yitterberry and called at the home of her nephew there and said she was going out to surprise Florence. The nephew tried to dissuade her from the attempt as he was so occupied he was unable to take her. She insisted she was able to walk the distance all right and resolutely set out on her perilous journey and that was the last time she was seen alive.

Wednesday morning the little son of Mrs. Beckum started out with his sled to enjoy some coasting and soon returned and told his mother there was a man lying by the fence. Investigation soon disclosed the fact that it was Mrs. Cooper. The probability is that she tried to climb the fence which was not far from the house and somehow fell either thru exhaustion or numbness from the cold and was unable to rise. Mrs. Beckum was utterly prostrated but called assistance and the body was taken to the house and relative notified as far as possible.

Mrs. Cooper was 73 years of age and the widow of William C. Cooper who died 38 years ago. She is survived by four sons, Duke M. of Lynville; Gilbert of North Dakota; James Judson of this vicinity, and Augustin of Nortonville; also four daughters, Mrs. Charles Beckum of Litterberry; Mrs. James Davis of Kansas; Mrs. Olive Hill of Tennessee; Mrs. Henry Higgins of Canton.

A granddaughter, Mrs. Henry Higgins lives in this city and a granddaughter, Miss Beatrice, is with Mr. and Mrs. J. Herman.

The funeral will be conducted this morning at the home of Mrs. Beckum.
